Exmo. Senhor
Marcio José Pacheco Ramos
Presidente da Câmara Municipal de Vereadores
Cascavel – Paraná

Sr. Presidente

O Vereador Pedro Martendal / PSDB, em conformidade com o art. 122, inciso VII do Regimento Interno desta Casa de Leis, requer à Mesa Diretora, após aprovação em Plenário Legislativo, seja encaminhado expediente ao Poder Executivo Municipal, solicitando as seguintes informações sobre:

1. Há quanto tempo estão prontas as instalações da Unidade de Beneficiamento de Leite?
2. Qual o valor investido pelo Município?
3. Além do Município, algum outro Ente investiu nesta obra?
4. Está sendo feita manutenção nas instalações e nos equipamentos?
5. Quais os motivos pelos quais ainda não está em funcionamento?

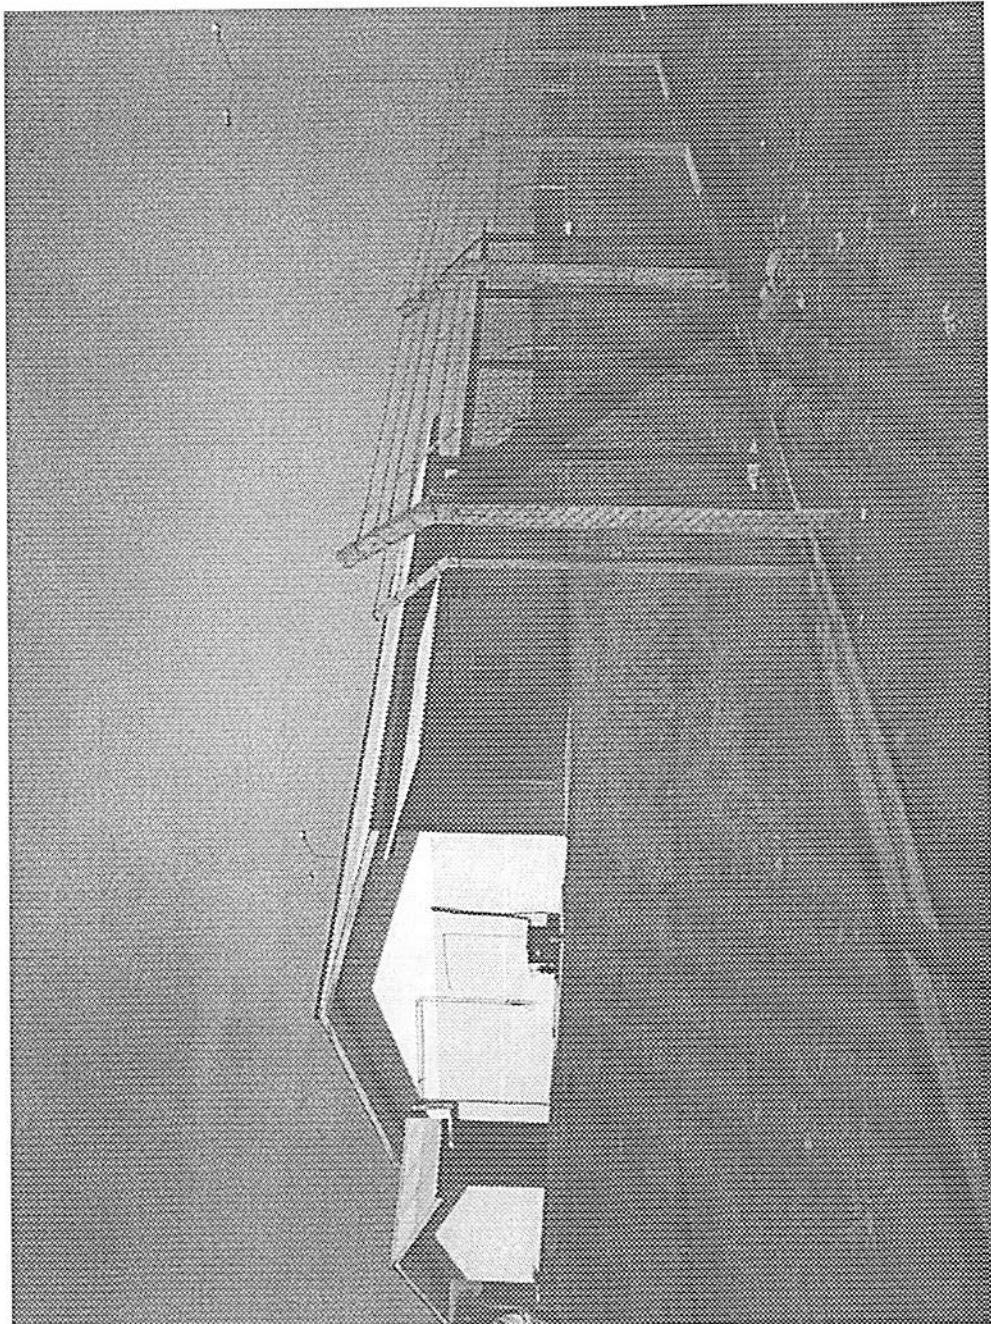

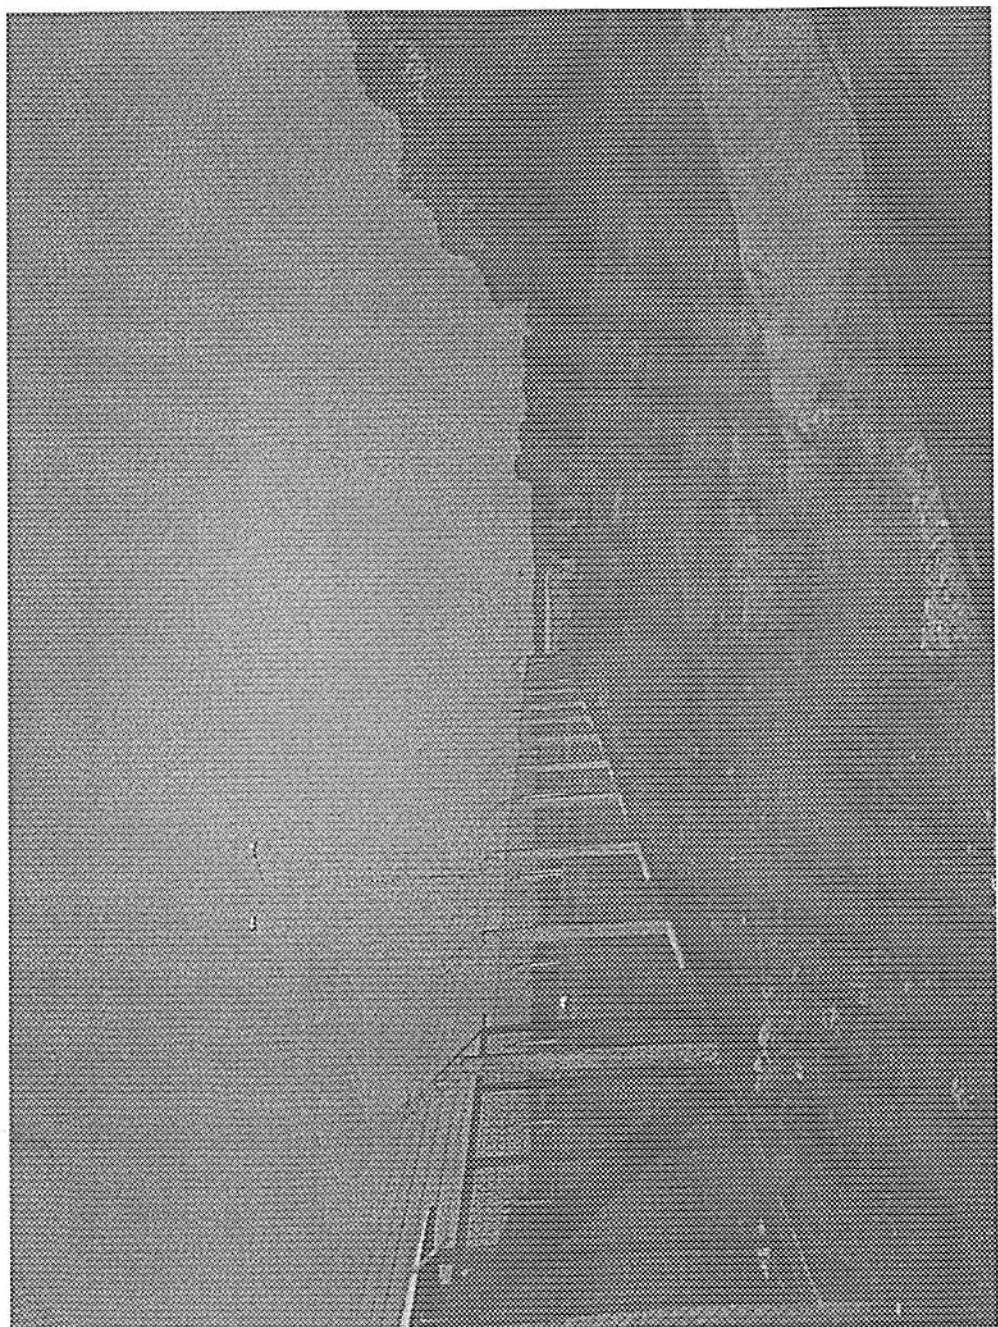

Justificativa

Conforme as fotos em anexo, existe toda uma estrutura que foi construída e equipamentos que foram adquiridos, mas que permanecem inoperantes, causando considerável prejuízo aos cofres públicos pelos altos valores que foram investidos e que já começam a se deteriorar sem sequer ter sido inaugurado, e ainda o prejuízo dos produtores que aguardam e cobram respostas do Poder Público, para as questões supracitadas.

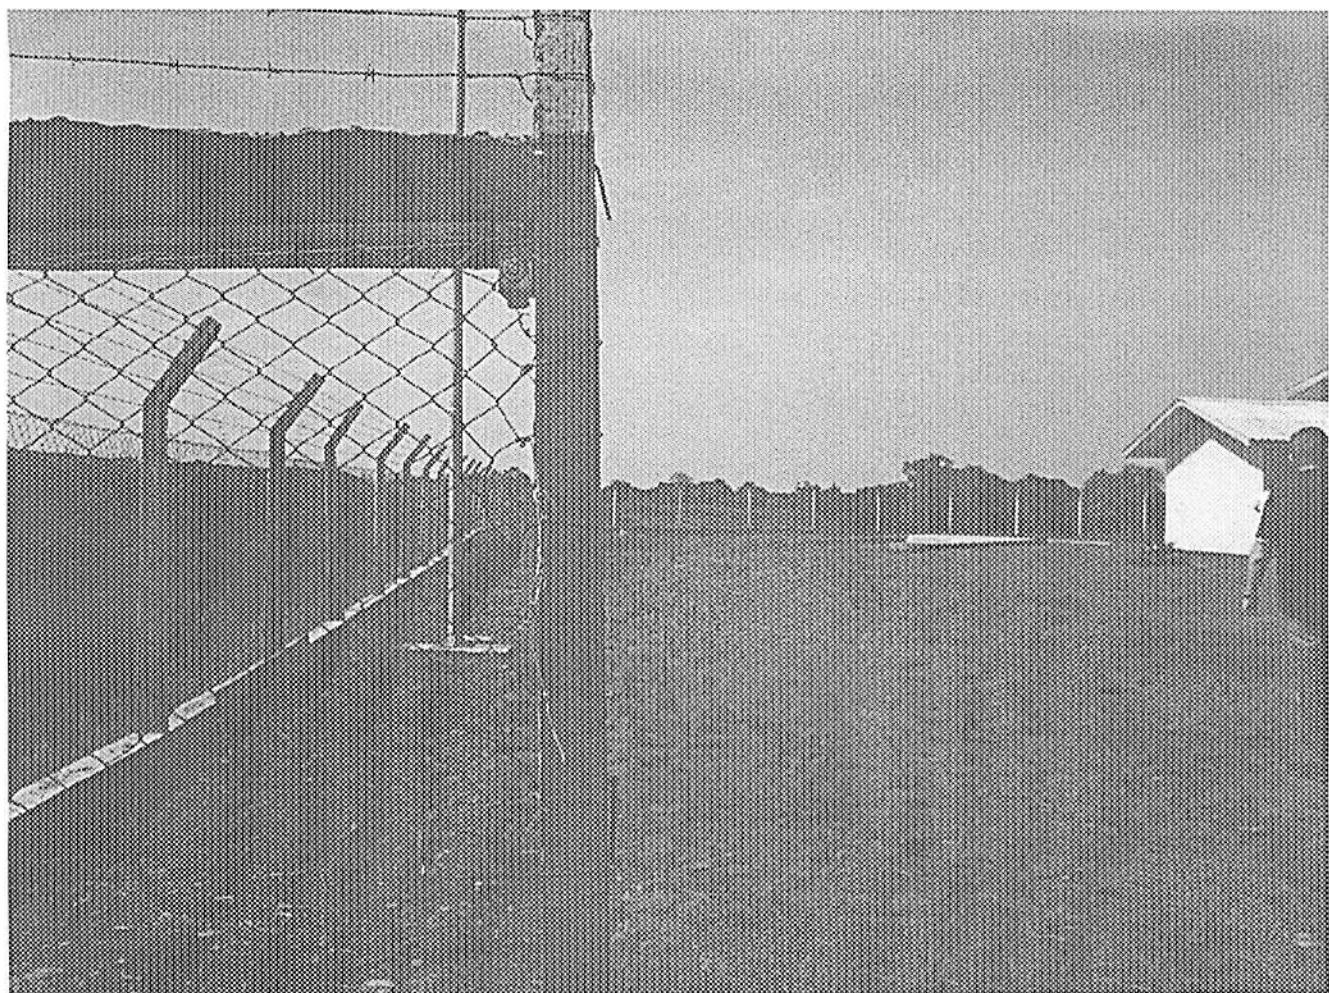

É o que requer.
Sala de Sessões.
